ABOUT

Cybersecurity and Digital Resilience Leader with 15+ years of cross-industry experience spanning banking, telecom, and IT. I specialize in designing enterprise-level cybersecurity strategies that align with business goals, strengthen defense posture, and drive regulatory confidence in fast-evolving digital environments.

I focus on governance-driven security modernization — integrating AI-driven threat intelligence, SOC automation, and behavioral risk awareness to achieve compliance with ISO 27001 & NIST framework. My work enables organizations to reduce cyber risks while accelerating secure digital transformation.

WORK EXPERIENCES

Brac Bank PLC | Head of Information Security (HoD)

2024 – Present

- Define and own a cybersecurity roadmap, budget, and key performance indicators focused on reducing cyber risk. Overall responsible for Cybersecurity strategy and initiatives of the bank. Create time-bound cyber security and risk management goals, articulate strategies, define metrics, and provide necessary updates to executive leadership and board.
- Ensure alignment between business strategy and Information Security Management Program direction.
- Serves as an expert advisor to executive leadership in developing, implementing, and maintaining a strong information privacy and security program. Point of contact for communicating BBL security posture with Internal and external parties, including customers, regulators, and auditors.

Grameenphone Ltd. | Lead Specialist

2019 – 2023

- Security Culture Manager for Grameenphone to plan, design & conduct Awareness
- Security Execution Program Lead for Security Governance, ISMS and Telecom streams
- Develop and continually improve Vulnerability Management Program and ensure its effectiveness
- Prepare Annual Security Audit Plan
- Run Audit on IT & Telco network, 3rd party/ partners etc.
- Establish Controls as per audit outcomes
- Establish & Ensure authority compliance
- Security Advisor for IT & Telco projects
- Manage Security Incident in IT & Telco infrastructure

KEY POINTS

- Launched enterprise-wide Security Awareness & Culture initiatives, increasing employee engagement and reducing human-factor–driven incidents across Grameenphone.
- Recognized with CTO Award as top performer in Telenor's global "We are Security" program, and multiple Q Awards for delivering secure digital platforms.
- Enhanced the security posture of one of the top and largest Banks with over 11000 employees, BBPLC by developing the state-of-the-earth 24/7 SOC and a dedicated Red Team, ensuring improved attack resilience and risk reduction.
- Reduced employee phishing susceptibility from 50% to 2% over two years through continuous awareness, training, communication and advisory initiatives in BBPLC.

PROFESSIONAL AFILIATIONS

• Member, Institute of Engineers Bangladesh
• Member, GSMA
